Our Vision

Our vision is to become the globally acclaimed learning provider for financial and leadership education, by pioneering the generation and dissemination of knowledge for the enhancement of skills and capabilities of professionals and aspiring professionals.

Our Mission

As a center of learning, our mission is to forge an inclusive learning haven, uniting diverse perspectives to cultivate impactful leaders and entrepreneurs who drive positive change in organizations and communities through innovation.

ABOUT

Homi Bhabha State University

BSE Institute in collaboration with Dr. Homi Bhabha State University offers BSc in Data Science, BSc in Finance and BBA in Banking and Financial Analytics program. The Degree is awarded by Dr. Homi Bhabha State University.

Dr. Homi Bhabha State University (Dr. HBSU) is the first Cluster University of Maharashtra State, Established in February 2019 under Rashtriya Uchatar Shiksha Abhiyan (RUSA) program of Government of India. Dr. HBSU comprises four oldest and prestigious Government Colleges of Mumbai viz., Institute of Science, Elphinstone College, Sydenham College and Secondary Training College. These colleges have a different prospectus, but a common belief.

Education is a process of learning where knowledge, skills, and habits move from one generation to the other. With this in our mind, University is running several Under-Graduate Courses in Science, Arts, Social Science, Humanities and Computer Applications in its four Constituent Colleges. Dr. HBSU is committed to transform and empower the students to become self-confident, knowledgeable and employable. The University is working relentlessly for the development of different courses in the light of New Education Policy-2020 considering the benefits of all the stakeholders to achieve all-round development of students.

MESSAGE

FROM MD & CEO

Mr. V. Narayanan Iyer

Managing Director & CEO
BSE Institute Limited

Dear Students,

In the dynamic landscape of data analytics, our focus extends to the comprehensive growth of professionals poised to lead the future of this industry. Our dedication lies in fostering an engaging and dynamic lifelong learning atmosphere, with the goal of nurturing the upcoming wave of skilled financial data analysts. We are committed to creating an environment that promotes continuous excitement and stimulation, as we strive to prepare the next generation of proficient financial data analysts.

Our program is designed to provide you with a comprehensive understanding of the dynamic and ever-evolving world of banking and financial analytics. In an era where these sectors play a pivotal role in the global economy, it is crucial to equip oneself with the knowledge and skills needed to navigate the complexities of the financial landscape.

At BSE Institute Ltd., we believe in a holistic approach to education. Our curriculum not only covers the fundamental aspects of banking and financial analytics but also integrates interdisciplinary elements such as Introduction to Data Management, Business Communication, Foreign Trade Procedures & Practices, Environmental Science, Community Engagement & Services, and Leadership Development. We are committed to offering you a well-rounded education that goes beyond theoretical concepts, preparing you for the practical challenges of the industry.

Our experienced faculty members provide you with insights derived from their extensive industry knowledge. They bring a wealth of experience that will enrich your learning journey and ensure that you graduate as a competent and confident professional.

As you embark on this transformative journey, remember that learning extends beyond the classroom. Embrace the opportunities for real-world experiences, and you will find that our program is not just about education; it's about preparing you for a successful and fulfilling career in banking and financial analytics sector.

ABOUT

BBA in Banking & Financial Analytics

Degree Awarded By :
Dr. Homi Bhabha State University

Mode of Learning
Classroom

Duration
4 Year

BBA in Banking and Financial Analytics is a 4-year undergraduate course offered by BSE Institute Ltd. in collaboration with Dr. Homi Bhabha State University (HBSU). The curriculum, in accordance with the New Education Policy 2020 issued by the Ministry of Education, India, covers the study of basic banking administrative concepts with specialized focus on Financial Analysis. The objective of this BBA course in Banking & Financial Analytics is to provide a common language for banking and finance by analysing and interpreting financial data as well as utilizing different financial tools to decipher market trends and convert them into profitable future business decisions.

The BBA - Banking and Financial Analytics integrates a state-of-the-art curriculum with industry experience. The academic curriculum covers all aspects of finance & is approved by Dr. Homi Bhabha State University. The academic curriculum of this banking and financial analytics course commences with the very basics which form the core of banking, such as Retail Banking Technology and Operations, Fundamental Analysis and Financial Reporting, Business Economics, Derivatives, Technical Analysis, and Indian Banking Structure and Laws.

PROGRAMS HIGHLIGHTS

Simulation Based Training*

Simulation exercises are valuable for training participants in core banking and finance by creating realistic scenarios. They allow for the practical application of theory, enhancing understanding and skill development.

Industry Internship*

Industry internships are crucial for gaining hands-on experience and applying academic knowledge. They enhance resumes and provide a head start to meritorious students before entering their careers.

Career Guidance

Career exploration can be confusing, but guidance from industry specialists and career counselors can provide valuable insights and help you navigate various career opportunities. Their experiences and knowledge can assist you in making informed decisions about your career path.

300+ world class practitioners

Our trainers and coaches are experts in their fields of study, with intensive knowledge and industry experience that guide their teaching methodologies.

Iconic Campus

Iconic building and a place to meet merchant, bankers' regulators, and market gurus to expand your network.

Industry Visits*

Industry visits provide students with valuable answers to their inquisitive questions regarding the banking and financial service sector. These visits are planned to generate curiosity and have exposure to the various industries for when they start working as professionals.

* As applicable

WHY

BBA in Banking & Financial Analytics

Students who desire to work in the banking and financial services sector should primarily pursue a BBA course in Banking and Financial Analytics. The program's objective is to give you the knowledge and expertise required to develop your career in the quickly expanding finance and banking industry. Here are some employment roles one can venture into once they have completed their BBA BFA course: Marketing Executive, Human Resources (HR) Specialist, Financial Planner/Advisor, Business Analyst and more!

Our hands-on approach ensures that you graduate not just with theoretical knowledge but also with the ability to navigate and excel in the ever-evolving banking and financial sector.

CURRICULUM SUMMARY

BBA in Banking & Financial Analytics

SEMESTER I

Module Name	Credits
Major - Retail Banking Technology and Operations	3
Major - Business Economics	3
Minor - Fundamentals of Computer Science and Programming	2
Minor - Introduction to Data Management	2
OE - Open Electives	2
VSC - Business Communication	2
IKS - Indian Ethos & Management Thoughts	2
L1 - English	2
VEC - Environmental Science	2
CC - Community Engagement & Services	2

SEMESTER I

In alignment with the prevailing trends in technology, the first year of the Banking and Financial Analytics program is thoughtfully crafted with a primary emphasis on banking intricacies and the utilization of advanced technology within this domain. The curriculum begins by establishing a strong foundation in essential concepts such as Retail Banking Technology and Operations, Business Economics and further delves into subjects like Fundamental Analysis and Financial Reporting, Information Technology in Banking, ensuring that learners are well-versed in the technological advancements shaping the banking landscape.

Major - Retail Banking Technology and Operations

This module delves into the technology-driven aspects of retail banking operations. Students will explore the latest advancements in banking technology, including digital banking platforms, mobile banking applications, and online payment systems. Additionally, students will examine the operational processes involved in retail banking, such as account management, customer service, and transaction processing.

Major - Business Economics

Business economics is a field in applied economics that uses economic theory and quantitative methods to analyze business enterprises and the factors contributing to the diversity of organizational structures and the relationships of firms with labor, capital, and product markets.

Minor - Fundamentals of Computer Science and Programming

Dive into the fundamentals of computer science, including algorithms, data structures, and programming principles. Develop problem-solving skills and learn to design efficient and scalable software solutions for real-world problems.

Minor - Introduction to Data Management

This module offers students a foundational understanding of data management principles and practices. Through comprehensive instruction, students will grasp essential concepts related to data collection, storage, organization, and retrieval. They will have the opportunity to explore key technologies such as SQL, data warehousing, and the Data Governance Framework.

OE - Open Electives

Choose from a variety of elective courses to tailor your learning experience and explore areas of interest beyond your major and minor requirements.

CURRICULUM SUMMARY

BBA in Banking & Financial Analytics

SEMESTER I

VSC - Business Communication

Business communication enables students to become aware of their communication skills and prepares them for their potential to become successful managers by introducing them to some of the practices in managerial communication that are currently trending. It builds their confidence and instills competitiveness by projecting a positive image of their future.

IKS - Indian Ethos and Management Thoughts

Explore the rich heritage of Indian culture, philosophy and learn how traditional management principles can be applied in modern organizational contexts.

L1 - English

Enhance your language skills in English through reading, writing, speaking, and listening exercises designed to improve communication and comprehension abilities.

VEC - Environmental Science

Gain an understanding of environmental issues and their impact on the planet, and explore sustainable solutions for preserving natural resources and mitigating environmental degradation.

CC - Community Engagement & Services

Engage with your local community through service projects and initiatives aimed at addressing social, economic, and environmental challenges. Develop leadership skills and contribute to positive change in society.

CURRICULUM SUMMARY

BBA in Banking & Financial Analytics

SEMESTER II

Module Name	Credits
Major - Quantitative and Statistical Concepts	3
Major - Fundamental Analysis and Financial Reporting	3
Minor - Information Technology in Banking	2
Minor - Dealing with Data using Python	2
OE - Open Electives	2
VSC - Business Ethics & CSR	2
IKS - Indian Business Value System	2
L1 - English	2
VEC - Constitution of India	2
CC - Community Engagement & Services	2

SEMESTER II

Major - Quantitative and Statistical Concepts

Fundamental quantitative and statistical concepts are essential for data analysis and decision-making in various fields. Students will explore key topics such as descriptive statistics, probability distributions, hypothesis testing, and inferential statistics.

Major - Fundamental Analysis and Financial Reporting

Fundamental analysis involves scrutinizing a company's financial statements along with various ratios and measures to evaluate its performance. This course aims to educate participants on utilizing fundamental analysis to evaluate financial accounts and reports of any firm or corporation. Additionally, the students will learn how to detect fraud and discrepancies in such statements and understand the accounting policies governing them.

Minor - Information Technology in Banking

Information technology has been the cornerstone of recent financial sector reforms aimed at increasing the speed and reliability of financial operations and of initiatives to strengthen the banking sector. Technology has opened new markets, new products, new services, and efficient delivery channels for the banking industry. Online electronic banking, mobile banking, and internet banking are just a few examples.

Minor - Dealing with Data using Python

This module focuses on leveraging Python programming for data manipulation, analysis, and visualization. Students will learn essential Python libraries and tools for handling various types of data, including numerical, textual, and structured data.

OE - Open Electives

Choose from a variety of elective courses tailored to your interests and career goals. Expand your knowledge in areas other than your major subjects and customize your learning experience to suit your preferences.

VSC - Business Ethics & CSR

This module explores the principles of ethical behavior and corporate social responsibility in business practices. Students will examine the ethical challenges faced by organizations, including ethical decision-making, stakeholder management, and sustainability practices.

CURRICULUM SUMMARY

BBA in Banking & Financial Analytics

SEMESTER II

IKS - Science and Technology in Ancient India

Discover the rich legacy of scientific and technological advancements in ancient India, including contributions in mathematics, astronomy, medicine, and architecture. Explore the historical context and cultural influences that shaped these innovations.

L1 - English

Develop proficiency in the English language through comprehensive instruction in grammar, vocabulary, reading comprehension, writing, and communication skills. Enhance your ability to articulate ideas effectively in both academic and professional settings.

VEC - Constitution of India

Gain insights into the principles, provisions, and institutions outlined in the Constitution of India. Explore key legal concepts, fundamental rights, directive principles, and the structure of governance in the world's largest democracy.

CC - Community Engagement & Services

Participate in meaningful community service projects and engage with local organizations to address social issues and promote positive change. Develop leadership, teamwork, and communication skills while making a tangible impact on society.

**** Exit option: Award of UG Certificate in Major with 40-44 credits and an additional 4 credits core NSQF course/ Internship OR Continue with Major and Minor****

CURRICULUM SUMMARY

BBA in Banking & Financial Analytics

SEMESTER III

Module Name	Credits
Major - Introduction to Financial Markets	3
Major - Derivatives	3
Minor - Technical Analysis	3
Minor - Business Data Analytics	3
OE - Open Electives	3
SEC - Excel and Advanced Excel	3
L2 - Hindi / Marathi – I	2
CC - Sports	2

SEMESTER III

As we advance towards the second year, the focus is at a higher level by covering subjects like Derivatives, Technical Analysis, Business Data Analytics, where the students analyse the market trends helping them to be great in the field of data analyst. Progressing further to advance topics such as Indian Banking Structure and Laws, Data Visualization using Tableau preparing the learners for successful careers in various roles within the global financial markets, ranging from financial analysis to banking and beyond.

Major - Introduction to Financial Markets

Financial markets serve as platforms where individuals and businesses engage in the buying and selling of various assets such as stocks, bonds (debt), commodities, and other financial products. This module provides insight into how financial markets operate, the current landscape of global financial markets, as well as an overview of the banking sector and its evolution.

Major - Derivatives

In this module, students will explore derivatives, which are contracts between two or more parties based on underlying assets, with their value dependent on fluctuations in those assets. Common underlying assets include stocks, bonds, currencies, commodities, interest rates, and market indexes.

Minor - Technical Analysis

Technical analysis is a methodology used to forecast price direction by studying past market data, focusing on price and volume. In contrast, fundamental analysis scrutinizes factors like earnings, dividends, assets, quality, and research & development. This module explores the tools and techniques analysts employ to interpret and present data, crucial for roles in risk management and credit management where statistical data is vital for decision-making.

Minor - Business Data Analytics

This module focuses on leveraging data analytics techniques to extract valuable insights for business decision-making. Students will explore various data analytics methods and tools, including descriptive, diagnostic, predictive, and prescriptive analytics.

OE - Open Electives

The open elective allows you to choose from a variety of courses outside your major and minor areas of study, enabling you to explore diverse interests and broaden your academic horizons.

SEC - Excel and Advanced Excel

Enhance your spreadsheet skills with Excel and Advanced Excel courses. Learn to manipulate data, create complex formulas, and visualize information effectively using Microsoft Excel, a powerful tool widely used in business and finance

BBA in Banking & Financial Analytics

SEMESTER V

Module Name	Credits
Major - Foreign Exchange	4
Major - Financial Modelling	4
Major - Project Finance	4
Major Electives - Statistics Foundation with R	3
Major Electives - Debt Market	3
VSC - Foreign Trade Procedures & Practices -I	2
FP - Field Project	2

SEMESTER V

Year 3 of the Financial Analytics Program is a continuation of your journey into the expansive realms of foreign exchange, financial modeling, and project finance, with a major focus on developing practical skills tailored for diverse fields. Through internships, you will hone the skills that you have acquired over the past two years, ensuring you're well-prepared to excel in the dynamic world of finance and analytics.

Major - Foreign Exchange

Foreign exchange, or FOREX, is the market in which currencies are traded, and it is the largest and most liquid market in the world, with average traded values that can be trillions of dollars per day.

Major - Financial Modelling

Financial modeling involves employing techniques for accurate financial forecasting across various areas of finance, including derivatives, valuation, deal structuring, project evaluation, and portfolio management. This course focuses on equipping participants with the skills to build robust financial models using Excel, enabling them to create powerful models essential for effective decision-making in finance.

Major - Project Finance

Every Project needs financing to implement and run it successfully. Project Finance is sourcing funds for a long-term project and using cash flow generated from the project to pay back the financing procured.

Major Electives - Statistics Foundation with R

This module provides a foundational understanding of statistics using the R programming language. Students will learn essential statistical concepts such as probability, hypothesis testing, regression analysis, and data visualization.

Major Electives - Debt Market

The debt market, also known as the bond or credit market, is a financial arena where participants engage in the issuance and trading of debt securities. This market predominantly comprises government-issued and corporate debt securities. It serves as a platform facilitating the transfer of capital from savers to issuers, enabling funding for government projects, business expansions, and ongoing operations.

VSC - Foreign Trade Procedures & Practices -I

Explore the fundamentals of international trade regulations, documentation, and procedures for import and export activities with this module.

FP - Field Project

Apply your knowledge and skills to a real-world project in collaboration with industry partners, gaining hands-on experience and valuable insights into the application of banking and financial analytics.

Abbreviation: OE - Open Elective, VSC - Vocational Skills Course, IKS - Indian Knowledge System, L1/L2 - Language, VEC - Value Education Course, CC - Co-curricular Course, SEC - Skill Enhancement Course, FP - Field Project, CEP - Community Engagement and Service, RM - Research Methodology, OJT - On-Job Training/Internship/Apprenticeship

CURRICULUM SUMMARY

BBA in Banking & Financial Analytics

SEMESTER VI

Module Name	Credits
Major - Equity Research	4
Major - Financial Risk Analytics and Management	4
Major - Mergers and Acquisition	4
Major Electives - Marketing of Financial services and products	3
Major Electives - Portfolio Management	3
VSC - Foreign Trade Procedures & Practices -II	2
OJT - On-job-training (OJT)	2

SEMESTER VI

Major - Equity Research

Equity research involves analyzing a company and its surrounding environment to determine whether to buy or sell its stock. The objective of the Equity Research course is to enhance students' investment skills by providing a comprehensive understanding of capital markets and industry analysis. Through real-life examples, students will gain insight into both the qualitative and quantitative aspects of corporate analysis.

Major - Financial Risk Analytics and Management

Explore the principles and techniques of analyzing and managing financial risks across various domains, including banking, insurance, investment management, and corporate finance. By the end of the module, students will have acquired the knowledge and skills necessary to effectively analyze and manage financial risks in real-world scenarios.

Major - Mergers and Acquisition

Mergers and acquisitions (M&A) is a general term that refers to the consolidation of companies or assets. M&A can include several different transactions, such as mergers, acquisitions, consolidations, and tender offers.

Major Electives - Marketing of Financial services and products

The marketing of financial products involves providing facilities to satisfy customers' monetary needs and wants. All financial institutions, including consumer banks and corporate financial service providers, practice some form of marketing. This module will highlight the benefits of using an analytical approach to marketing in the financial services industry and demonstrate to students how to undertake such analysis.

Major Electives - Portfolio Management

Portfolio management is the art and science of making decisions about investment mix and policy, matching investments to objectives, allocating assets to individuals and institutions, and balancing risk against performance.

VSC - Foreign Trade Procedures & Practices -II

This module builds upon the foundational knowledge acquired in Foreign Trade Procedures & Practices - I, further exploring advanced concepts and practices in international trade.

CURRICULUM SUMMARY

BBA in Banking & Financial Analytics

INFRASTRUCTURE

BSE Institute Ltd. is situated in the heart of the financial hub of India, the Bombay Stock Exchange. Being located on such an iconic campus, BSE Institute boasts a state-of-the-art training facility, which provides a holistic learning experience for the students. Additionally, lectures are conducted in and around the premises of the Bombay Stock Exchange, further immersing students in the dynamic environment of India's financial center.

LEARNING

OUTSIDE THE CLASSROOM

Teaching and learning can become spontaneous and student-centered when moved out of the confines of the classroom and into the world at large. Learning experiences outside the classroom are inherently interdisciplinary. Here, at BSE Institute, we provide an experiential learning environment where students feel energized and confident in speaking their minds, ensuring every participant is constantly engaged and continually learning.

STUDENT EVENTS

STOCK TORERO

Imagine yourself getting an opportunity to do real-time trading in the prestigious halls of the Bombay Stock Exchange. BSE Institute makes this a possibility for many youngsters by initiating a one-of-a-kind national-level financial market competition called 'Stock Torero: Tame the Bull', which seeks to cultivate the financial aptitude of aspiring students. The competition effectively renders real trading scenarios in the financial markets, including financial professionals such as brokers, bankers, and a media team that feeds mock news affecting the demand and supply of stocks, thereby giving an experiential front-row feel of competitive trading to the participants. Management students from reputed business schools participate to hone their financial prowess. The excitement and enthusiasm seen amongst the competitors is cosmic, to say the least. The purpose of this tournament is to acclaim financial trading as a specialized skill among young minds.

DALAL STREET LIT FEST

This one-of-a-kind event is a perfect collaboration and celebration of two completely diverse genres: - Finance and Art. Held at the iconic International Convention Hall at the Bombay Stock Exchange, the Dalal Street Lit Fest Exchange 2019 brought together many eminent business leaders, journalists, best-selling authors, storytellers, humanitarians, entertainers, great thinkers, and aspiring artists. With 'Water Conservation' being the theme for this edition, it managed to create awareness about its scarcity and the need for careful management.

A number of intriguing activities, like live sketching, tarot reading, henna art, pottery, food stalls, pop-up shops, and foot spa stalls, seemed to have greatly compelled the audience. Not to mention the splendid band events and enthralling performances that lifted our spirits on this enchanting venture!

True to its tagline, "The Flow of Life: from ideas to convictions to actions, via the diverse themes of Finance and Literature," this event has managed to disseminate motivational and inspirational messages while highlighting the need for water management and regulation.

STUDENT EVENTS

TORQUE

Torque at BSE Institute stands out as a significant and emotionally charged evening, blending happiness and nostalgia. It is the most important day in the life of the BIL students as it marks the culmination of their academic life. The graduates receive their degrees and awards for their achievements and also share their experiences via memorable speeches. During the annual flagship event of the institution, the Alumni Meet is also held to take a walk down the corridors of nostalgia. It is one of the most remarkable evenings that comprise the convocation, cultural show, prize distribution, and reunion.

CONVOCATION

The ceremony includes the felicitation of students with certificates and trophies, marking the celebration of their impactful journey with BIL. The convocation ceremony is followed by a cultural event with stunning performances by the students. This day is a milestone for BIL students, symbolizing the culmination of their academic endeavors. As they receive degrees and awards, they share their experiences through heartfelt speeches. During the annual flagship event of the institution, the Alumni Meet is also held to take a walk down the corridors of nostalgia. It is one of the most remarkable evenings that comprise the convocation, cultural show, prize distribution, and reunion.

STUDENT EVENTS

SPORTS

Discover the perfect blend of academics and excitement at the BSE Institute! As part of our annual BSE Institute Student's Fest week, both our girls and boys showcased their cricket skills, with the event inaugurated by Mr. Ambarish Datta, former MD and CEO of BSE Institute Limited. In addition to cricket, our students hit the turf to engage in some high-quality football. Followed by the sports event, the prize ceremony of sports event winners and participants was honored at the BSE International Convention Hall.

PLACEMENT ASSISTANCE

At BSE Institute, we understand that the ultimate goal of pursuing a Bachelors of Business Administration - Banking and Financial Analytics is to transition seamlessly into a rewarding career. As you embark on this educational journey with us, we are committed to providing not just academic excellence but also unwavering support in achieving your career aspirations.

Our Placement Assistance Program is meticulously designed to bridge the gap between education and employment, ensuring that you are well-prepared to enter the dynamic and competitive world of banking and financial sector.

Industry-Relevant Curriculum:

Our curriculum is crafted in collaboration with industry experts to equip you with the skills and knowledge that employers in the banking and financial analytics sector are actively seeking.

Networking Opportunities

We provide numerous opportunities for you to connect with industry professionals through workshops, seminars, and networking events. Building these relationships is crucial for opening doors to potential career paths.

Internship Programs

The internship embedded in our program is not just an academic requirement; it's a hands-on experience that allows you to apply theoretical knowledge in a real-world setting. This experience enhances your employability and expands your professional network.

Resume Building and Interview Preparation

Our career guidance team is dedicated to helping you create a compelling resume that showcases your skills and accomplishments. Additionally, we provide comprehensive interview preparation sessions to boost your confidence in facing prospective employers.

Placement Drives

We organize exclusive placement drives, inviting reputed organizations from the banking and financial analytics sector to recruit our talented graduates. These events provide you with direct access to potential employers and facilitate on-the-spot interviews.

CORPORATE CONNECT/PARTNERS

SOCIAL INITIATIVES

CSR ACTIVITIES

BSE Institute Ltd. aims to achieve societal goals by engaging in and supporting learning opportunities for students in every demographic. One of our key CSR activities involves conducting workshops on financial literacy and life skills for rural women. These workshops empower them to learn financial concepts that are imperative for effective money management, making them small-time entrepreneurs and helping them apply for loans to fund their small-scale initiatives, which started building their morale by teaching them the benefits of financial independence. Through this initiative, we have trained over 1000 self-employed women in the Shivaganga District of Tamil Nadu. BSE Institute has taken initiative for the sustainable livelihood program, through which we have imparted financial skills to over 100 women who worked as beedi workers and beauticians. In addition to trade skills, each of these women was also trained in financial and micro-entrepreneurship skills.

Shiksha: Teaching English and Mathematics to government school students

THE GLOBAL CONNECT

BIL has an outstanding track record in conducting highly acclaimed international programs, which have been well received by overseas participants representing regulators, stock exchanges, financial institutions, banks, leading brokerage houses, and other professionals from financial intermediaries. Participation includes representation from a number of regions such as South Asia, Central Asia, Eastern Europe, Middle East and Africa. BIL has an MOU with the Australian Trade Commission, Government of Australia, Canada, Muscat and Singapore.

Some of the programs conducted by BSE Institute Ltd. are:

- Exposure to Indian Financial Markets
- Indian Rural Market Immersion
- BSE International Financial Olympiad
- Capstone Unit at BSE Institute

THE EDGE

BSE INSTITUTE LIMITED

BIL has the distinct advantage of being at the center of action, being located in the financial hub of India, and being one of the world's most rapidly emerging markets. Our commitment to always being at the forefront of competitive, contemporary, and evolving business practices has led to the initiation of programs that reflect the realities of the marketplace.

Furthermore, our course design and development are firmly grounded in knowledge of business processes - in entrepreneurial companies and established firms, unconstrained by the boundaries of academic disciplines.
