

Certificate Program on  
**Capital Markets  
Bootcamp**

**9 Days**

**Live Online**

Mumbai | Delhi | Kolkata

## Overview

Even with an undergraduate or an MBA in finance, it doesn't prepare you for the realities of how markets and their underlying infrastructure work today. Capital markets infrastructure providers include exchanges, interdealer brokers, clearing houses, information services and technology providers, securities depositories and servicing firms. This course will give you a ringside view of the through theoretical and practical concepts on the working of various components of the Indian Capital Market infrastructure.

## Student Speak

### **Dr. Pasad Agashe**

“ I used to trade with two eyes, but this course has given me a third eye, allowing me to observe the dynamics behind the candlesticks, such as how option chain parameters affect intraday price action!

### **Shrenik Doshi**

“ It was an excellent course from which I learned a great deal, and as a result, I am now capable of managing both my own and my father's portfolios.

### **Sarita Agarwal**

“ Everything was well-coordinated, from registration to course delivery. The instructors are highly skilled and knowledgeable about their respective training programs. All of the seminars had been really instructive. The practical examples we received during the sessions were quite beneficial.

### **Lalit Sharma**

“ I was unsure if I would be able to understand it because I did not come from a financial background. The BIL informed me that they have experienced Lecturers who will explain everything to us in a way that we can understand. I am quite pleased that I enrolled in the course since it has greatly aided my professional development.
